

PS-IGER-RCMS SEMINAR

Dr. Michael J. Shevlin

Senior Scientist, Chemistry
MSD, USA

“High-Throughput Experimentation-Enabled Reaction Discovery, Development, and Mechanistic Elucidation: Cobalt- and Nickel-Catalyzed Asymmetric Hydrogenation of Olefins”

July 19, 2016 (Tue) 16:30-
Noyori Materials Science Laboratory 2F, Lecture Room

Host: Masato Kitamura
Graduate School of Pharmaceutical Sciences
